

The musical sets aim to bring joy and awake everyone's creativity and imagination regardless of their musical abilities. The playing technique is very simple, intuitive and enjoyable, which is conducive to spontaneous musical experiments. This is a xylophone belonging to the sub-category of struck idiophones. It consists of properly tuned metal bars placed in one row. You do not need any special skills to play the xylophone, so it might be a good idea to begin your musical adventure with a free bar instrument. Its simplicity encourages children to try out musical experiments and develop their creativity.
