Castillo Medieval

6+

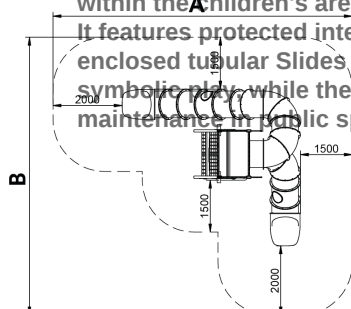

Recommended age Low maintenance

Medieval Castle play structure, designed as a three-story fortified tower that recreates the image of a fortress. Its vertical and compact design enhances the feeling of height and exploration, making it an iconic element within the children's area.

It features protected interior access points connecting the different levels and two symmetrically arranged enclosed tubular Slides, offering long and dynamic descents from a height. Decorative panels enhance the symbolic play, while the robust structure ensures durability and low maintenance in public spaces.
