Materials:

Structure : Formed by a galvanized metal frame, EPDM rubber protective collar.

Jumping net : Produced by plastic pieces with a non-slip surface intertwined with each other and steel Springs swings attaching to the frame.

- None of the materials require special treatment for disposal.
- If the equipment is subject to severe use, the maintenance plan should be increased.
- Do not use the product before completing the installation/maintenance.
- Consult maintenance instructions.

Largest piece (mm): / Heaviest piece (kg):

IMPACT ZONE: Required safety surface. Floor covering according to EN1176-1:2017 is recommended.
Spare parts availability: 10 years.
