Marson color
cast iron

CITIZEN designer Litter Bin, total dimensions (width x diameter x height) 545x450x920 mm, 60 litres, made with a ductile iron structure and a Marson-finished steel bucket (treated with the Ferrus process, the triple-layer protector for iron, which guarantees optimal corrosion resistance). Epoxy primer finish and polyester powder paint. Zinc-plated steel ring for securing the bag. Prepared for anchoring with expansion bolts according to surface and project.

Steel with FERRUS treatment: an iron protection process that ensures optimal corrosion resistance. The Ferrus treatment consists of three layers applied after cleaning all dirt and impurities using shot blasting, and it involves an electrolytic bath followed by an epoxy primer and a final coating of polyester powder paint.
