Fence
Obi

ReBnew
material

20 years
warranty

Low
maintenance

OBI Fence, consisting of posts (\varnothing x H) 80x1250 mm made of ReBnew plastic (BENITO's recycled polymer, produced entirely from yellow container packaging and requiring no maintenance) and two crossbars made of 20 mm ropes at two heights. Anchored to a prepared concrete surface, depending on the surface and project.

ReBnew: 100% recycled polymer, sturdy and durable, derived from urban, industrial, and domestic waste... It is weather-resistant, resistant to oils, acids, and seawater. It does not splinter or crack, nor does it rot or dry out.

Irregular surface finish makes the board extremely durable as it effectively hides scratches caused by vandalism. Nevertheless, surface scratches can be repaired to restore it to a like-new condition.

Scratch Repair on ReBnew

AWARDED WITH "DER BLAUE ENGEL": Product with low environmental impact throughout its lifecycle. It is awarded to products that meet criteria for reducing environmental impact in manufacturing, recycling, packaging, use, emissions, collection, and disposal. In addition to environmental criteria, it includes quality, safety, energy consumption, and other considerations. It is one of the most prestigious labels globally.
